ABOUT IIIT UNA

Indian Institute of Information Technology Una (IIIT Una), established in 2014, is an Institute of National Importance located in Saloh, Himachal Pradesh. It operates under a Public-Private Partnership (PPP) model, with joint funding from the Ministry of Human Resource Development (Government of India), the Government of Himachal Pradesh, and industry partners such as H.P. Power Corporation and H.P. Power Transmission Corporation.

IIIT Una is dedicated to nurturing bright minds by providing quality education and advanced technical skills. The institute plays a crucial role in preparing students for real-world challenges, ensuring they are well-equipped to address technical and societal issues at both national and global levels. With a focus on innovation, research, and holistic development, IIIT Una aims to empower future leaders who can contribute to the growth and progress of the country and beyond.

ABOUT MERAKI

MERAKI, a Greek word, signifies putting your soul, creativity, and passion into your work, leaving a part of yourself in it. It's the Technical Festival of IIIT Una, renowned since its inception for its engaging blend of innovation, skills, and fun. It provides a platform to showcase your creativity, innovation, and unique abilities. MERAKI'25 marks the 3rd edition of this incredible fest to take place from April 2nd to 4th, 2025.

The festival features a wide range of events, including Robo-Drive, Sold Mold, Prog-o-thon. From high-energy competitions to fun-filled activities, MERAKI offers an unforgettable experience. In addition to thrilling contests, the festival hosts insightful workshops and hands-on sessions on various tech and non-tech topics, encouraging skill development and innovation. Immerse yourself in this dynamic environment and be part of the excitement at MERAKI 2025!

EVENT DETAILS

Event Description:

A one of a kind coding contest that requires your DSA and coding skills. But what's fun in just coding ? And there is the key factor; Random tasks, eliminations, quests and much more will go on simultaneously which will really put your team to the test. Whether you are a pro-coder or not, take part in one of the most interesting and fun event of MERAKI'25.

Date: 3rd April 2025

Time: 6:00 p.m. to 8:30 p.m.

Venue: Academic block Lab 005 & 006

Team Structure: 3 members per team.

Prerequisites:

- Basic Coding Knowledge
- DSA Concepts

EVENT FORMAT

- Teams will compete to solve 25 programming challenges, earning points for each correct solution.
- Every 10 minutes, a spinning wheel will randomly select 1 to 2 teams to face "The Prop." In the first half of the contest, the selected team will have a 1/6 chance of elimination for a randomly chosen team member.
- In the second half, the probability increases to 2/6.
- QR codes will be randomly activated and placed across the campus.
- Scanning an active QR code grants the team immunity from elimination for the next 10 minutes.
- At least one team member must remain at the computer at all times.
- The team leader will decide which player takes the elimination challenge when facing "The Prop."
- The team with the highest points at the end of the contest wins the event.
- Tie-breaker: If multiple teams score the same points, the total time taken to solve problems will determine the winner.

RULES & REGULATIONS

- At least one team member must remain at the computer at all times.
- Tampering with, destroying, or interfering with QR codes will result in immediate disqualification.
- Eliminated players are not permitted to leave the lab until the event concludes.
- In case of disputes, the decision of the organizing committee shall be final and binding.
- After the competition, all submitted code will undergo a thorough review.
- The final results will be announced after verifying for malpractices, unfair advantages, and AI-generated code submissions.
- All teams must use only the computer system allocated to them—no exceptions.
- Participants may bring only handwritten supplementary material, limited to a maximum of six (6) A4-sized sheets.
- The entire coding contest will be accompanied by fine music.

REGISTRATION PROCESS

MERAKI

- To register for any event, users must have an account on the UnStop website.
- For solo events, users can register directly from the event page by clicking the "Register" button.
- For team events, after clicking the "Register" button, users will be prompted to either create a team or join an existing one.
- Users cannot join an existing team if it has already reached its maximum size.
- Additionally, no two teams can have the exact same name.
- The team creator is automatically assigned as the team leader, and this role cannot be changed.
- The team leader must approve team joining requests for members to participate in the event.
- Participants can withdraw their registration until March 31st at 12:00 noon.
