INNOVATION EXPO

ABOUT IIIT UNA

Indian Institute of Information Technology Una (IIIT Una), established in 2014, is an Institute of National Importance located in Saloh, Himachal Pradesh. It operates under a Public-Private Partnership (PPP) model, with joint funding from the Ministry of Human Resource Development (Government of India), the Government of Himachal Pradesh, and industry partners such as H.P. Power Corporation and H.P. Power Transmission Corporation.

IIIT Una is dedicated to nurturing bright minds by providing quality education and advanced technical skills. The institute plays a crucial role in preparing students for real-world challenges, ensuring they are well-equipped to address technical and societal issues at both national and global levels. With a focus on innovation, research, and holistic development, IIIT Una aims to empower future leaders who can contribute to the growth and progress of the country and beyond.

ABOUT MERAKI

MERAKI, a Greek word, signifies putting your soul, creativity, and passion into your work, leaving a part of yourself in it. It's the Technical Festival of IIIT Una, renowned since its inception for its engaging blend of innovation, skills, and fun. It provides a platform to showcase your creativity, innovation, and unique abilities. MERAKI'25 marks the 3rd edition of this incredible fest to take place from April 2nd to 4th, 2025.

The festival features a wide range of events, including Robo-Drive, Ard-Win-O, Prog-athon. From high-energy competitions to fun-filled activities, MERAKI offers an unforgettable experience. In addition to thrilling contests, the festival hosts insightful workshops and hands-on sessions on various tech and non-tech topics, encouraging skill development and innovation. Immerse yourself in this dynamic environment and be part of the excitement at MERAKI 2025!

EVENT DETAILS

Event Description:

INNOVATION EXPO, an event where innovation meets speed!, this exciting event challenges participants to design and build a high-speed robotic car using cutting-edge components. Participants will showcase their engineering and programming skills in a thrilling two-round race to crown the ultimate champion.

Event Details:

- Dates: 2nd, 3rd and 4th April 2025
- Venue: Academic Block (Near Nescafe)
- NOTE: Your project must be tech-driven, either a practical prototype or a well-researched concept.

EVENT FORMAT

The Innovation Expo spans three days, featuring different participants each day, with one winner declared daily based on innovation, execution, and presentation.

- **Day 1 (2nd April 2025):** On the first day, the school students will present their projects, while college participants can showcase previews to inspire young innovators. A winner will be announced for the best school project.
- **Day 2 (3rd April 2025) :** College participants will display their projects, evaluated on technical execution, problem-solving, and creativity. ne winner will be announced for the best project of the day.
- **Day 3 (4th April 2025) :** Another set of Institute participants will present their projects again being evaluated on technical execution, problem-solving, and creativity.he final day's best project will be awarded.

RULES & REGULATIONS

- No pre-built hardware or third-party circuits allowed.
- Participants can join solo or in teams (team size limits may apply). Team members must contribute equally and be prepared to answer judges' queries.
- If the project involves coding, all code must be written from scratch, properly documented, and made available for evaluation.
- Participants must clearly explain their project, its working, and its real-world applications during evaluation. A live demonstration is encouraged.
- Projects will be evaluated based on innovation, execution, feasibility, problem-solving approach, and presentation quality.
- The decision of the organizing committee is final in case of disputes.

REGISTRATION PROCESS

- To register for any event, users must have an account on the UnStop website.
- You can scan the QR code to get the link of registration.
- For team events, after clicking the "Register" button, users will be prompted to either create a team or join an existing one.
- Solo participants can register directly.
- Team participants can form teams (max 3 members).
- No two teams can have the same name.
- Team leaders cannot be changed after registration.
- The deadline for withdrawal is March 31st at 12:00 PM.
