PROGOTHON

ABOUT IIIT UNA

Indian Institute of Information Technology Una (IIIT Una), established in 2014, is an Institute of National Importance located in Saloh, Himachal Pradesh. It operates under a Public-Private Partnership (PPP) model, with joint funding from the Ministry of Human Resource Development (Government of India), the Government of Himachal Pradesh, and industry partners such as H.P. Power Corporation and H.P. Power Transmission Corporation.

IIIT Una is dedicated to nurturing bright minds by providing quality education and advanced technical skills. The institute plays a crucial role in preparing students for real-world challenges, ensuring they are well-equipped to address technical and societal issues at both national and global levels. With a focus on innovation, research, and holistic development, IIIT Una aims to empower future leaders who can contribute to the growth and progress of the country and beyond.

ABOUT MERAKI

MERAKI, a Greek word, signifies putting your soul, creativity, and passion into your work, leaving a part of yourself in it. It's the Technical Festival of IIIT Una, renowned since its inception for its engaging blend of innovation, skills, and fun. It provides a platform to showcase your creativity, innovation, and unique abilities. MERAKI'25 marks the 3rd edition of this incredible fest to take place from April 2nd to 4th, 2025.

The festival features a wide range of events, including Robo-Drive, Ard-Win-O, Prog-athon. From high-energy competitions to fun-filled activities, MERAKI offers an unforgettable experience. In addition to thrilling contests, the festival hosts insightful workshops and hands-on sessions on various tech and non-tech topics, encouraging skill development and innovation. Immerse yourself in this dynamic environment and be part of the excitement at MERAKI 2025!

EVENT DETAILS

MERAKI

Event Description:

Progothon is a competitive hackathon designed to encourage innovation and problem-solving skills among participants. The event consists of multiple stages, starting with a presentation round, where teams submit their ideas via PPTs based on the given problem statement. The best teams will then be selected for the final hackathon phase.

Event Details:

- Team Structure: 2-3 members per team
- Dates: April 2-4, 2025
- Time: Starts at 9:00 p.m.
- Venue: Academic Block, Lab 104 & 103
- Registration Ends: March 25, 2025

EVENT FORMAT

1. Presentation Round (PPT Submission):

- Teams must prepare a PowerPoint presentation (PPT) detailing their solution to the problem statement.
- The PPT should include: Problem identification and significance, Proposed solution and innovation, Technology stack to be used, Feasibility and scalability, Potential impact
- Shortlisting will be based on innovation, feasibility, and presentation quality.

2. Final Hackathon Round:

- Selected teams will proceed to the final round where they will work on implementing their proposed solution.
- The final round will be a 24 hour coding sprint.
- Teams must develop a prototype or a working model based on their initial proposal.
- Mentors will be available to guide teams during development.

3. Evaluation & Judging:

- The final submissions will be evaluated based on: Innovation & creativity, Technical implementation, Scalability & real-world impact, Presentation & teamwork
- Judges will consist of industry experts, professors, and experienced developers.

4. Awards & Recognition:

- Winners and runners-up will receive certificates and cash prizes.

RULES & REGULATIONS

MERAKI

- Participants must adhere to ethical coding practices and avoid plagiarism.
- External help beyond team collaboration is prohibited.
